**October 2<sup>nd</sup>: Girls' day in science** for 20 high school girls at the Niels Bohr Institute. Collaboration with Teknologipagten.

**Teknologipagten:** A collaboration between the Danish government, private industry and several organizations aimed at increasing the number of young people choosing a STEM education. A particular focus on getting more women and girls into STEM.

We have become a partner and the event is listed on their website as a project

<https://www.teknologipagten.dk/projekter/projekter/projekter/id0045-girls-day-in-science-paa-niels-bohr-institutet>

They are setting up an ambassador network for women and girls in STEM
